<b>P<sub>36</sub></b>	Parking area at the Max-Imdahl-Straße	temporary not accessible

\* All students and employees of the Ruhr-Universität Bochum, who have the feature „aG“ and „G“ recorded in their certificate of disability, are entitled to claim a stationary parking spot for handicaped persons. To apply for such a parking spot a copy of the certificate of disability and, as the case may be, a copy of the student-ID and a respective application form are required. The application form can be downloaded from the following website: [http://www.uv.ruhr-uni-bochum.de/dezernat5/Formulare/Antrag\\_Parkschluesel\\_190210.pdf](http://www.uv.ruhr-uni-bochum.de/dezernat5/Formulare/Antrag_Parkschluesel_190210.pdf). The documents can either be sent via mail to the Dezernat 5.I of the Ruhr-Universität Bochum or can be handed in. (Building UV, Floor 1, Room 108).

\*\* All female students and employees of the Ruhr-Universität Bochum are entitled to claim a parking key for women parking spots. Employees get the parking key on request in the Dezernat 5.I (Building UV, Floor 1, Room 108, Phone: 0234 32-28846). Female students get the parking key at the Infopoint counter on the ground floor of the university administration building (UV).

Parking areas on the campus are generally open round the clock. Automatically opening gates allow to exit gated parking areas all the time.

Cost of parking: parking areas and garages of the Ruhr-Universität Bochum can basically used for free.

Some Streets (M-Süd-, I-Süd-, N-Nord-, G-Nord- und G-Süd-Str.) on the campus are gated, so that their use is restricted. Parking areas which are linked to these streets are assigned to certain users.

The parking garage in the North of the VC and TZR Building (no university buildings!) is exclusively reserved for lodgers.

The parking garage in the Uni-Center is fee-based; only from 5 to 10 p.m. it is free of cost. Height limit: 1,85 m, parking spots: 480, including 28 women parking spots and 4 parking spots for handicaped persons.

Public parking areas outside of the campus are only available to a limited extent - see areas in the map with respective signature **P**. Those areas are mostly designated and marked parking areas. In case of usage, please mind existing restrictions.
